

Secure Grip Bath Caddy™

GET A GRIP!

Do you feel like your tub has been taken over by your little squirt's toys? Keep bath essentials within reach and clutter at bay with the Secure Grip Bath Caddy™. This handy caddy extends across the tub with Xtra Grip™ handles for added stability. The caddy holds toys at your child's level so she can grab what she wants and even help clean up when bath time is over. Adjustable dividers allow you to customise storage for toys and shampoo. And as an added (major!) bonus, place the caddy between your little one and the bathtub spout to help protect against bumps and burns. When bath time is over, just slide the caddy to the back of the tub so it's out of the way for showers. With multiple drain holes, everything will dry quickly, helping prevent mildew. Safety and organisation: exactly what you need for smooth sailing during the bathtime routine.
