

WOODEN SOUND PUZZLE LITTLE FARM FSC

LITTLE DUTCH
— enjoy the little things —

Description

Meet all the animals on the farm and recognize their shapes and unique sounds with this fun puzzle. When you place the animal back in its correct place, you will hear a matching sound. This puzzle with 7 animals and a tractor with sounds promotes hand-eye coordination and stimulates your child's vocabulary.

The puzzle contains light-activated sensors - use in bright light for the best results. Make sure the switch is ON to activate the sound function. Sensors can be accidentally activated by direct sunlight, so always turn them off when not in use. (Batteries (2 x AAA) not included.)

Features

- **Interactive Learning Experience:** The puzzle offers an interactive learning experience by allowing children to meet farm animals, recognize their shapes, and associate them with their unique sounds. This feature emphasizes the educational aspect of the toy, making learning engaging and fun.
- **Sound Matching Feedback:** When placing each animal in its correct place, the child hears a matching sound, providing immediate feedback and reinforcement. This feature encourages problem-solving skills and helps children learn through auditory cues.
- **Promotion of Skills Development:** The puzzle promotes hand-eye coordination as children manipulate the pieces to fit them into the correct places. Additionally, it stimulates vocabulary development by introducing children to the names and sounds of different farm animals. This feature highlights the toy's role in fostering cognitive and motor skill development in young children.

Specification	Length	Width	Height
