6. DELIVERY

Due to the remoteness of our location on Groote Eylandt in the Northern Territory, delivery of your order once processed and packaged can take anywhere between 7-21 days (or longer if you are located outside of Australia). Please factor this in when placing your order.

We will try to let you know if we expect to be unable to meet our estimated delivery dates, but will not be liable for any loss, liability, costs, damages, charges or expenses arising from late delivery of your order.

You must ensure that you are able to take delivery of your order without undue delay and at any time reasonably notified by us or the freight carrier. If delivery or collection is delayed through your unreasonable refusal to accept delivery or if you do not accept delivery or collect the order from the carrier within the timeframe specified, we may do either or both of the following:

- (a) charge you for our reasonable storage fees and other costs reasonably incurred by us; or
- (b) notify you that we are cancelling the applicable order, in which case we will refund to you any payment made to us for the order, less our reasonable administration, storage and freight costs.

You must take care when opening the order so as not to damage the products, particularly when using any sharp instruments. We will not take responsibility for any damage to the products caused by you.

7. RETURNS

Upon receipt of your order, please immediately inspect the order for any faulty or incorrectly described products.

We will happily accept return of any products that are faulty or incorrectly described (excluding products damaged in transit) if:

When returning products to us, you are responsible for the associated costs, however we will ship any replacement products back to you at no charge.
