Here you'll find the moments that capture the true sense of Scotland.

Discover nature inspired wellbeing and transport your mind to our unspoiled island home.

OUR STORY

For three decades we have been dedicated to creating vibrant and evocative home, bath and body scents, bringing our customers the wellbeing benefits of nature, straight from our Home Farm factory.

Previously part of the Brodick Castle Estate, our factory runs out of a refurbished dairy farm on the east coast, looking inland towards the island's breathtaking peak, Goat Fell.

We have grown significantly since our humble beginnings as a small, family run soap business but we have never lost sight of who we are and our island roots.

All of our products are made with carefully chosen, high quality ingredients, prepared to the highest standards and produced on the Isle of Arran.

Proudly made in Scotland - Inspired by Nature.

THE ARRAN **SUSTAINABILITY PROMISE**

ARRAN Sense of Scotland has been inspired by the beautiful landscapes of the Isle of Arran for over 30 years. As a result, we're committed to protecting our natural environment and are actively working towards reducing our carbon footprint. Working with TAP (Think About Plastic), ARRAN Sense of Scotland is proud to support the 'Plastic Free Community' status of the Isle of Arran.

All of our card is fully recyclable and comprises c. 80% of recycled paper. We have also invested in the use of fully recyclable tin packaging in all our ARRAN Home products.

Our procurement strategy and product offerings are focused around minimising single use plastics while maximising the amount of recyclable materials in our products. All our plastic bottles are now made of 100% PCR (post-consumer recycled) material eliminating the use of virgin plastic in our bottles.
