Data Sheet

Safescan 2985-SX Banknote Counter

Process large amounts of banknotes with complete certainty and ease. The Safescan 2985-SX rapidly value counts and sorts mixed notes while simultaneously verifying them on up to seven security features. The 2985-SX has a double pocket design with dedicated reject pocket that provides uninterrupted counting. Perfect for when you need to process large stacks of cash quickly. Thanks to its smart design, high-definition touch display and intelligent interface in your local language your cash counting, sorting and processing will be easier, faster and more accurate than ever.
