

Data Sheet

Tellermate LiveSafe

CASH SORT

LiveSafe is a compact smart safe that minimises theft, detects counterfeit notes and improves hygiene

Enhanced Counterfeit Detection

The spectral note reader analyses 4.8million data points, including texture, material, ink and more. This gives LiveSafe some of the most advanced counterfeit detection capabilities in the market today.

Safe Sharing

Traditionally each POS would require their own smart safe or drop box, but LiveSafe has been developed to allow sharing between multiple POS' in order to keep your investment cost down while still maintaining a user audit trail.

- Market-leading counterfeit detection
- Reduced contact with cash to improve hygiene
- Enhanced security at the checkout
- Enhanced cash management system to increase efficiency
