

## THE POSITION

We are looking for a design & development intern to contribute to the growth of KASSL Editions. You will support the Manager with bringing the collection to life. You are responsible for overseeing the digital collection, sourcing different supplies and fabrics, reviewing samples, preparing design meetings, creating tech-packs, and other requests from either the Manager, coordinator or the Technical Assistant. There is room for taking the initiative and testing your own ideas to help KASSL improve in a healthy and conscious way. This internship will help you to acquire a deeper understanding of the design and development activities of a high-end fashion brand within the fashion industry.

You will be part of a small team where you can achieve a high learning curve depending on your own proactiveness and could be of great added value for the KASSL brand. We are looking for a flexible organizational talent with self-discipline. Not a single day is the same at KASSL. The challenge for you will be to structure busy and hectic situations. In addition, you have commercial flair and a strong customer-centered approach.

## ABOUT KASSL EDITIONS

KASSL Editions was founded in 2018, when a collective of fashion-literate friends from around Europe were brought together by an old fisherman's coat. The coat's simple cut, together with its extreme technical character and generous shape were the spark for the creative group to create an outerwear brand with a genderless, durable and functional ethos and commitment to radical quality.

Since then, the KASSL Editions has moved into accessories with its instantly recognizable, "puffy" Pillow bags, originally constructed using offcuts from production. Selected homewares followed, including the Pillow sofa, a sought-after reinterpretation of KASSL Editions accessories by the Belgian design duo Muller Van Severen created for a sustainability-themed project initiated by Wallpaper\*. The hallmark of every KASSL creation is the outstanding cut, created by and for real people with a real love for quality. The shapes are so democratic that they suit everyone, transcending styles, times, genders and generations. KASSL Editions stockists include Matches, Net A Porter, Selfridges, SSense, Browns and Lafayette.
