

♥ DIY Hand Print Bunny Craft ♥

What you'll need:

- Colored construction paper
- Markers
- Black pen
- Pencil
- Scissors

Steps:

1. Trace your hand on the construction paper. Cut out the hand.
2. Make a small slit next to the pinky finger and thumb so you are able to fold them over with ease. The fingers should be able to touch each other.
3. Cut off the middle finger that you are left with two bunny ears.
4. Use a marker to draw on the inside of the bunny ears and nose.
5. Use a black pen to draw on the eyes, mouth, and feet.
6. Your DIY bunny is complete!
