COMPLETE PACKAGE

THIS IS EVERYTHING YOU NEED TO OPEN YOUR DOORS

The Tuel Complete Package contains a full professional back bar and a selection of retail products chosen carefully to represent the most common skin types and conditions. Included are three days of chair-side training with a certified trainer in your spa, as well as Skin Care Classes at our California Facility and the Tuel Technical Manual. You will also get one on one mentoring with a Certified Tuel Trainer.

Payment options are available.

BACK BAR

Includes our complete line in professional sizes valued at over \$1700.00, free of charge. We give you everything from cleansers to extraction solutions and anti aging serums. This gives you the ability to customize facials specific to your clients' skin care needs. The Complete also includes a technical manual with ingredients, instructions, helpful tips, and advanced treatments along with an access to online training.

RETAIL

We put a lot of thought and consideration into choosing just the right retail items for your business. We give you more of our most popular items including additional products for the most common skin types. This ensures that you won't be left with products collecting dust on the shelf. As a Complete Package investor you will be added to our list of salons and spas at tuelskincare.com and tuelberodin.com. These sites allow end users and professionals to find salons in their area for services and products.

CHAIR SIDE & MENTORING

Spend 3 days learning from the best in the business. A Tuel certified trainer, taught personally by Lori Nestore, will come to your salon or spa and teach you step by step how to analyze skin, client consultation, how to sell retail products and best business procedures.

There is so much more to the esthetics business than just giving a great facial. Where will your client sit during the consultation? How is your retail displayed? Does your back bar setup allow you to remain seated without straining to reach products? Are you doing an extraordinary amount of unnecessary laundry?

When your training is finished you will have ALL the tools you need to have a career that exceeds your dreams. Not only will you work in an industry you love, but you will know how to generate an income that matches it. Whether you are in a one person room or a large salon, we want to help you succeed.

ADVANCED SKIN CLASS

CALIFORNIA

This 5 day class is essential to the success of your business. You'll learn how to analyze skin and choose the right products for each of your clients. The class gives in depth information on how to recognize and treat all skin types including mature skin, acne, reactive skin, and rosacea. Using Tuel products, clients with all skin conditions can have beautifully radiant, healthy skin. Instructor Pati Geraghty balances her personal experiences, and the latest research with treatment methods to ensure the most advanced and effective techniques are taught. This class will give you the knowledge you need to properly address the skin care needs of your clients. You'll leave feeling confident in your ability to rebook and retail to your clients, and ready to perform a wide range of skin care services. The class includes hands-on training which allows you to perform facials on people of all skin types.
