## **Stock Components Removal**

It is best to google “how to remove bumper” for your particular trim, after the bumper is removed, you will see the following.

## BIG MOUTH Installation

Remove the OEM plastic flap, keep these screws. Re-use the screws to fasten the BIG MOUTH to the radiator support.

## Big Mouth Installation

Fasten the BIG MOUTH as shown, use the OEM screws. Start the threads by hand, do not over torque.

## Big Mouth Adjustment

Before fastening the bumper back on the car permanently, inspect the levelness of the BIG MOUTH and adjust if needed. Enjoy!
