

SAFETY DATA SHEET

1. Identification of Product and Supplier

Product Name: Cold Pressed Hemp Oil – Conventional and Organic

Supplier: Zatural

1150 E 990 S Eden, ID 83325 United States

2 - Composition and information on ingredients:

The product does not belong to any list of substances supposedly hazardous to human or animal health according to EU guideline 548/67 and further amendments, nor to those having recognized exposition limits.

INCI Name: Cannabis Sativa Seed Oil

Cas No: n/a

Chemical composition: The Hemp oil is cold-pressed and refined from the seeds of the Cannabis Sativa.

3 - Hazards identification:

- Non hazardous

4 - First aid measures:

- Skin contact: wash with water and soap
- Eye contact: flush with water- Ingestion: edible, food grade

5 - Fire - Fighting measures:

Extinguishing media: carbon dioxide, foams, inert powder

Extinguishing media to avoid water

Special exposure hazards: fine oil mists may be hazardous. On extreme long heating at high temperature gaseous components occur of an acrolein variety.

Protection against fire: standard H&S measures.

6 - Accidental release measures:

Spillage on soil: Use a solid absorbent and/or wash floors with detergent. May cause slip on floors. If solidified, shovel into containers and dispose of accordingly. Spillage on water: Since the density of oil is lower than water, it will appear on the surface. The fat can be scraped off the surface. Disposal according to regulations.

7 - Handling and storage:

At times oil-soaked materials may spontaneously combust. No special precautions

for safety reasons necessary.

8 - Exposure controls and personal protection:

No special personal protective equipment required.
Protective gloves and goggles when handling hot oil.

9 - Physical data and chemical properties:

- Form: Liquid at room temperature
- Odor: Natural
- Color: Very pale yellow, clear oily liquid
- pH: Neutral
- Boiling point: >100 degrees C
- Density at 40 °C: 0.910 - 0.920
- Hydro solubility: Insoluble
- Lip solubility: Soluble in vegetable oils

10 - Stability and Reactivity:

Conditions to avoid high temperature near flash point
Materials to avoid strong oxidizing agents
Hazardous decomposition products: acrolein at extreme heating
Hazardous reactions: polymerization not likely to occur
Shelf Life: Min 18 months when stored in nitrogen flushed containers

11 - Toxicological information:

Nontoxic product - pharmaceutical use – food grade

12 - Ecological information:

Readily biodegradable

13 - Disposal considerations:

Residue for disposal: according to local regulations. Waste
packing: observe local regulations.

14 - Transport information:

- Not dangerous product
- Classification: not classified in RID/ADR/IMDG

15 - Regulatory information:

In compliance with the requirements in the current Cosmetic Directives 67/548 EEC
et 1999/45/CE

16 - Other information:

To the best of our knowledge, the information contained in this sheet is correct.
However, we cannot accept responsibility or liability for any consequences arising
from its use.
