1

Align the pole structures from smallest to largest before assembly. 3 types of poles available.

2

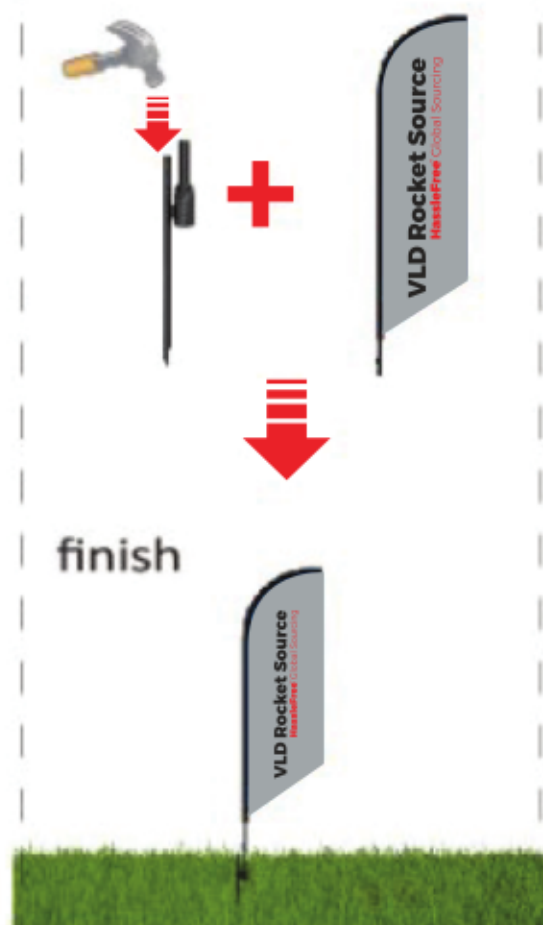

Insert the pole into the bottom pocket of the banner.

3

Secure the completed flagpole to your base using the cord on the pole.

Option A

To install ground spike, hammer on the top of the main part of the steel rod to install the ground spike.

Option B-1

To install the cross base.

Cross Base

Option B-2

Hammer on the top of the main part of the steel rod to install the ground spike.
*Hammer 4 screws on the holes of the cross base on the ground.
