GORDON CORK JOINED HD SOURCE OVER A YEAR AGO.....

Gordon joined HD Source over a year ago and is now a part of the Sales Team and our Easyrig repair technician. **Gordon** speaks both English and French and graduated from the University of Toronto. Over the weekends you can find **Gordon** performing drums live with numerous jazz, rock, and metal bands at establishments all over Toronto. Some other skills include audio engineering, post-production, and streaming software.

E-mail Gordon here

HD SOURCE TIP OF THE WEEK

Recently, a friend of ours was injured when a generic lithium ion battery caught fire on impact. Please keep in mind when using lithium ion batteries to make sure you are well protected on the following certifications: (1) UN 38.3 - transportation safety tests for impact, temperature... (2) UL94 - burning test to see how flame retardant the battery casing are. (3) IEC 61000 - electromagnetic and radiated EMC emission test.
