With a 125 lb load capacity, this workhorse for all around chores provides notable improvement in the user's experience from its predecessor. It is taller but more compact when folded and weighs under 9 lbs. UpCart® Journey's platform and wheels are folded/unfolded simultaneously by a vertical handle that latches in either state to prevent unintentional folding/unfolding. It is sized to go through narrow openings and features a two-handed grip operated by a conveniently located side push-button mechanism. Wheels that can handle crushed gravel and not damage most delicate floors are made with tires of thermoplastic rubber for simultaneous cushioning and durability.	This 3-bag set offers ultimate flexibility and convenience in handling a multitude of tasks. UpCart® CarryAll is an add-on product made expressly to enhance the UpCart® Journey or UpCart® Boost experience, as one or all three bags can be easily attached and detached to help organize/separate items to include a mesh pocket in the largest bag. The bags are easy to hang on and take off from the cart's frame. There is no need to empty the bags until you reach your destination whether walking, driving, or riding. Effortlessly removable handles allow the bags to be machine washed. Any partially filled bag may be transformed into a handbag by inter-latching its handles.
