# **Supplies required for Culottes Class**

All the tools you need are available for use at the studio. All supplies required can be purchased at The Stitchery prior to class. We have a wide selection of fabrics to choose from. We can give advice on the best choices for the project.

**Fabrics:** Suitable fabrics include light to medium weight wovens with plenty or drape e.g. rayon/viscose/ecovero, lightweight linen, cotton lawn, light poplin, silk, crepe, or charmeuse. View A and B work well with both fluid and slightly structured fabrics. For the longer lengths a lighter weight fabric with plenty of drape is recommended.

For required length please see the following pages.

Notions required: 1.5m Lightweight fusible interfacing, co-ordinating thread, 9" invisible zipper.

## NOTES:

- 1. Please purchase and pre-wash your fabrics prior to class.
- 2. Extra fabric will be required if you want to pattern match the print. Please ask for advice on preparing fabric for this class.

#### **Fabric Recommendations**

Light to medium weight woven fabrics with plenty of drape such as rayon challis, viscose poplin, crepe dé chine, lightweight linen, and tencel twill. View A and B work well with both fluid and slightly structured fabrics. For the longer lengths (View C and D), a lighter weight fabric with plenty of drape is strongly recommended.

## **Choosing a size**

Due to the deep inverted box pleats (see image to the right), there is plenty of ease at the hips. We recommend choosing a size based on your waist measurement.

Note, that this pattern includes 3/4" (2 cm) of ease at the waist. If you expect you may want more ease at the waist we recommend sizing up.
