Your Display Plans: Because we strive to present a Renaissance community, we ask our vendors to spend some time researching the period in preparation for creating their Faire presentation. We do not require historically accurate booths/tents however an attempt to decorate in a period style is required. Please describe how you envision your display area, on your booth sketch.

MAXIMUM Space Dimensions must include canopies & poles, hay bales, seating areas, back room/storage areas, signs that overhang, or anything else that will be part of the area. Include any demonstration or customer waiting area, as well. Include a sketch or photo of your booth, including dimensions.
