WOOL PEOPLE 12

This twelfth edition of *Wool People* features clean, wearable shapes in a pale palette, exquisitely suited for soft layering and inspired by the muted colors and textures of the seashore.

In photographing Wool People 12, we had the pleasure of visiting the Oregon Coast, where we were met with the delightful juxtapositions of sun and cloud, forest and sea. In that vein, the pieces in this collection — eight garments and four accessories in Arbor, Loft, Vale, and our newest Peerie — also hint at balanced contrasts, such as intricacy and subtlety, refinement and play, excitement and familiarity, linework and openwork, and structure and fluidity.

Connecting with knitters and designers from around the globe who share our deep passion for this craft and the stories it can create is one of the great joys of our work. We hope that with this *Wool People 12* collection you'll find yourself transported to a lulling seascape, with new stitches on your needles to reach for.
