

## BILGE CHAIR

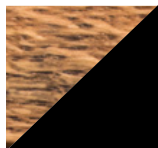

The Bilge Lounge Chair is made from reclaimed bourbon barrel staves from Kentucky and recycled leaf springs from New York City fire trucks. First, the natural char of the staves is sealed, preserving the deep, smokey tone of the seat & back. The seat is then mounted on a spring base, providing comfort and resilience. Each Bilge Lounge Chair is hand made to order in our studio.

## DIMENSIONS

L31 W30 H33 SH15

## AVAILABLE IN

BARREL OAK/ UHURU BLACK  
S1BLLC015901

## DETAILS

- Reclaimed bourbon barrel staves form the seat and back
