THANK YOU FOR PURCHASING THE VAUSB

Please read this manual before operating the VAUSB and keep it handy.

This new Voice USB drive looks and functions like an ordinary flash drive. Secretly, this storage device conceals a hidden microphone. Hang on a lanyard or slip into a pocket for discreet recording at the office or school or to covertly record voice as a secret shopper or personal investigator. This unit takes quality audio recordings.

Your purchase should include:

1 x VAUSB
1 x Instruction Booklet

Contact 770-694-6921 if you are missing any of these components.
GETTING TO KNOW YOUR VAUSB

OPERATING THE VAUSB

IMPORTANT NOTICE: Allow the device to charge 4 – 6 hours before using.

IMPORTANT NOTE: Soft-spoken voices may not record as well as louder ones. We recommend not keeping the device in your bag or pocket while recording. Hanging the device from a lanyard around your neck, belt loop, bag, etc. will produce the best results.

HOW TO CHARGE VAUSB
1. Make sure the USB port is in the extended position.
2. Plug the device into the USB port of your computer.
   o The indicator light will blink red while charging.
   o When the device is fully charged, the indicator light will be solid red.

NOTICE: The indicator light is hard to see. You may need to cup your hand against the device to see the light properly.

HOW TO START AUDIO RECORDING
1. Push the recording switch into the ON position.
   o The indicator light will turn blue. This may take a few seconds.
   o The device is now recording audio.

NOTICE: Since the USB is voice activated, it will automatically stop recording if the voices are too quiet. When the voices rise in volume, the device will automatically resume recording.

HOW TO STOP AUDIO RECORDING
1. Push the recording switch to the “Off” position.
   o The indicator light will turn off.
   o The audio file is automatically saved.
HOW TO SET THE TIME AND DATE STAMP (Windows ONLY)
1. Plug the device into your PC.
2. Locate “Removable Disk” inside the (My) Computer folder.
   - Go to Start > Computer > Removable Disk
3. Open the Removable Disk drive.
4. Open the “SetUDiskTime(9x)” folder.
5. Double click the “SetUDiskTime(9x)” program.
6. The device will sync the time on your computer with the audio recorder.

RETREIVE THE FILES TO YOUR PC

1. Plug the device into your computer.
2. Locate “Removable Disk” inside the (My) Computer folder.
