

## INSTALLATION GUIDE

## CONSOLE WITH STONE

1	2
<ol> <li>Carefully remove items from shipping container and unwrap.</li> <li>Place console on a non marring suface such as a piece of carpeting. Stand top on front side (1).</li> <li>Remove top plates (3) and bottom plates (2).</li> </ol>	<ol> <li>Insert leg threaded rod (4) through bottom plate (3) and block top (2) and screw into top plate (1) making sure that bottom plate (3) fits correctly into bottom of block top (2).</li> <li>Screw leg assembly (5) into console top by grasping the leg post (6) and turn by hand as tight as possible.</li> <li>Repeat for second leg.</li> </ol>

3	4
1. Stand entire assembly on legs and position console with back brace (1) against wall.	1. Remove all screws (1) and brackets (2) from inside of console.
2. Level console top and mark wall at mounting screw holes located on back brace (1) and mark floor for leg posts (2).	2. From inside frame, position stone skirts (3) into metal frame and secure with brackets (2) and screws (1).
3. Set console aside then drill holes in floor to accommodate #4 screws provided. Drill pilot holes in wall to accommodate screws provided by installer. Screws for wall are not included.	
4. Secure leg posts (2) with screws to floor.	
5. Position console assembly against wall, making sure that legs (3) sit inside leg posts (2) and secure with appropriate hardware to wall.	

5	6
<ol> <li>Install faucet (sold separately) and sink (sold separately) to counter top (3).</li> <li>Apply a bead of silicone adhesive along the top of back brace (1) and apply adhesive to center of top plates (2). Take care not to get adhesive on any exposed finished parts.</li> <li>Position stone counter top (3) on top of metal</li> </ol>	<ol> <li>On back surface of stone backsplash (1), apply two beads of silicone adhesive.</li> <li>Position stone backsplash (1) on top of stone counter (2) on center, then firmly press against wall. Allow adhesive to set prior to use.</li> </ol>
frame on center and allow adhesive to set prior to use.
