

CONGRATULATIONS on your purchase of a newly re-engineered Hot Shot release! This is one of the finest products on the archery market today.

INFINITY

Included in this package:

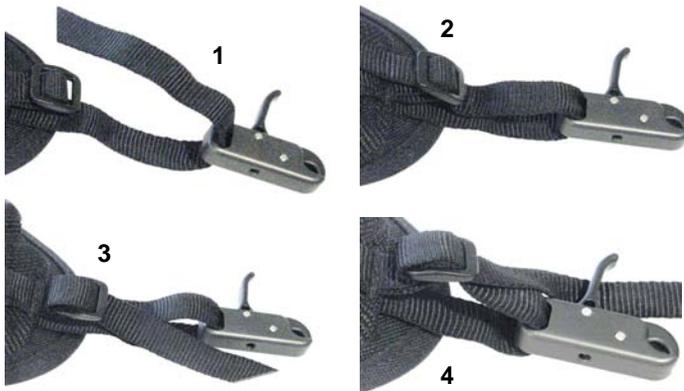

- One Infinity index finger release
- 1/16 hex key for adjusting trigger travel
- One wrist strap

Working parts of this fine release are surface treated to incredible hardness that virtually eliminates wear at contact points. Due to the materials used, your Hot Shot release will function even more smoothly over time.

The trigger travel/creep set screw is held at its setting by nylon on the threads.

If foreign material accumulates in the release mechanisms, apply a few drops of light machine oil & work the mechanisms a few times.

WARNING! Failure to attach release properly to wrist strap could result in bow damage or injury.

Once you are sure the wrist strap is adjusted to your optimum length, you may wish to cut away the excess strap material & seal the cut edge—or tuck away the excess in some manner.

Wrist straps are subject to wear w/ prolonged use. Recommend replacing your wrist strap as often as once a year w/ heavy use. You can find replacement straps on our website.

Note: Orientation of release to wrist strap shown above is for right-handed shooters.

1. Thread webbing through release eye.
2. Thread webbing through both eyes of buckle.
3. Thread webbing back over buckle & down through once.
4. Adjust webbing to your desired length.

Adjusting trigger travel/creep. The release can be set to a "hair-trigger" setting or at longer pull travels before release.

Turn set screw using supplied hex key clockwise to decrease travel (toward hair-trigger) & counter-clockwise to increase

Set screw

3-YEAR LIMITED WARRANTY

Every new Hot Shot release is guaranteed for three years against defects in materials and workmanship. For warranty service, the release must be returned to Hot Shot Mfg. Upon determination that the release is defective under this warranty, we will repair or replace it.

Normal wear, abrasion, misuse, abuse, alteration and disassembly of the release are not covered by warranty.

Lost parts are not covered by warranty. Replacement parts can be ordered by calling us or ordering them through our website. Wrist straps are not covered by warranty.

To obtain warranty service, send your release to the Hot Shot Mfg address shown below. Shipping charges to us are not covered in this warranty. Include with the release your name and address, telephone number and a description of the problem.
