

18W LED Prismatic Bulkhead Fitting

Our 18W Round Prismatic Bulkhead Fitting can either be ceiling or wall mounted making it completely versatile whether the space in question is a warehouse, school, car park, office or hospital.

The fitting itself is made from durable polycarbonate and Signature offers two options for the base which is available in Black or White. It also comes with 20mm conduit knockouts on the side for ease of installation. The semi-opal diffuser gives a high light output without putting any of the LED chips on display, giving you a crisp clean light source that's as practical as it is appealing.

With its IP65 rating and 1300 lumens, the fitting is ideal for illuminating a wide range of spaces.

Available with Black or White finishes.
