

LED Batten Light

Batten lights are ideal for many different commercial and residential spaces including kitchens, offices, schools, hospitals and warehouses. While remaining unobtrusive, they provide a crisp, clean light source that offers ample illumination. Signature's sleek and stylish LED Batten Light gives you an astounding 4400 lumens per fitting, and is 100 lumens per Watt. Ideal when revealing lighting is a must.

With its pressed steel base and polycarbonate cover, the batten light is dust proof and easy to clean – essential in areas such as kitchens where hygiene is a top priority.

It can be wired from the back plate and our customers can also benefit from using the included conduit knockouts at the sides of each fittings.
