

Polaris 8w LED TRI Colour Dimmable Downlight

Our Polaris 8w, tri-colour, dimmable downlight is the perfect solution for any area that needs illuminating where you have shallow or high ceiling voids. This compact fitting is 65mm in height and has a 70-75mm cut-out.

Our high lumen output SMD's provides you with 900 lumens which makes it one of the brightest 8w downlights on the market!

It has interchangeable bezels in White, Chrome, Satin Chrome, and Matt Black and can be adapted to suit your style. This product comes with Satin Chrome Bezels as standard. To change the bezel simply twist anti-clockwise and pull down and this gives the user the ability to change the look of the downlight with minimum effort.

The light is IP65 rated, meaning it can be installed in wet and humid areas, including bathroom zones 1-3. For more information about IP ratings, please see our guide.

Specification

Our fitting comes complete with a dimmable LED driver built-in and is compatible with many leading brands of Trailing, Leading and Triac edge dimmer switches.

With our loop in and out push-fit connections, it makes this compact light one of the easiest downlights to fit.
