

1. Cut all of the pieces out of desired card stock.

2. Attach the 3 base pieces of the gumball machine and adhere the half circle piece behind the opening at the base of the gumball machine.

3. Attach the layer pieces for the top and bottom of the machine. Use the emboss lines on the bottom piece to line up and attach the base piece for the coin mechanism.

4. Use the emboss lines on the coin mechanism base to line up and attach the coin mechanism layers. Arrange and attach the gumballs. Place the coin in the coin slot to finish (optional).
