

1. Cut all of the pieces out of desired card stock.

2. Adhere the two branch pieces behind the tree base piece. Line up the door piece over the tree base piece and adhere in place.

3. Line up the two larger window frame pieces over the tree base piece and adhere in place. Line up the small circle window frame and doorknob pieces over the door piece and adhere in place. Optionally, cut the window pieces from a second color of card stock (light blue in the example) and inlay the window pane pieces in the window frame pieces.

4. Assemble the lantern and mailbox and adhere in place. Optionally, cut the lantern base piece from a second color of card stock (yellow in the example) and inlay the lantern window pane pieces in the lantern base piece.

5. Adhere the cobblestone walkway and grass pieces in place.

6. Line up and adhere the Treetop Die-namics pieces in place over the tree piece to finish (optional).
