

Sparkle and Jazz's Magical Plate

Dinneractive Mealtime Story

Come check out our playground, and all that it has.
Hi! My name is Sparkle, and I'm her friend Jazz.

We're on an adventure, but moving too slow.
I've got an idea! Let's eat first, then go.

Our magical playground has food all around,
How many different spots have you found?

Veggies and yogurts, meats, treats, and more -
What's something you haven't tried here before?

Let's start at the base of the mountain for now,
Point to the favorite food that you've found.

Mmmm- that's my favorite too, I think it's the best
But let's not forget to try some of the rest.

We're climbing the mountain, there's no time to stop.
Can you help us get all the way to the top?

There's only one more special spot to go see
Let's slide down the bowl to see what we find.
- weeeeeeeeeee!

Wow! You did such a great job today!
So at your next meal time, remember to say...

Trying new foods can make us feel great,
I love to explore with my magical plate.
