**Safety Tips**

- Do not fix or bend the folding solar panels.
- Do not place folding solar panels in standing places, where tree shades, buildings, and other obstructions should be minimized.
- Do not park the solar panels in water or other liquid.
- Do not clean the solar panels with water, please gently wipe it with a damp cloth.
- Do not use or store solar panels near open flames or flammable materials.
- Do not scratch the surface of solar panels with sharp objects.
- Prevent corrosive substances to damage solar panels.
- Do not step on or place heavy objects on the solar panels.
- Do not assemble the solar panels.
- The output circuit of the solar panels must be correctly connected to the equipment.
- Do not short-circuit the positive and negative poles. Ensure that there is no gap between the connector and the insulated connector. If there is a gap, sparks or electrical shocks will occur.
- Check the connection status of each component, including cables, wires and plugs.

---

**Warranty**

The product is covered by a limited warranty from Jackery for the original purchaser that covers the product from defects in workmanship and materials for 24 months from the date of purchase. Damages from normal wear and tear, alteration, misuse, neglect, accident, service by anyone other than authorized service center, or act of God are not included.

During the warranty period and upon verification of defects, this product will be replaced when returned with proper proof of purchase.

---

**Frequently Asked Questions**

**Q: What kind of battery can be charged by these solar modules?**
1. Jackery Explorer series
2. Sealed lead-acid battery
3. Colloidal lead-acid batteries
4. The open lead-acid batteries

**Q: How to clean the solar surface?**
Dust and dirt on the surface should first be removed using a soft brush. Use a damp cloth to wipe the surface of the solar module to remove any remaining dust or dirt. Any grease or other adhesive should be removed as soon as possible from the solar surface to avoid a reduction in performance.

**Q: Are the foldable solar modules waterproof?**
Yes, the product meets IP67 water proof, which maximize the lifespan of the module, it should not get wet.
