Configuration:
Inverter, LFPV18k/15K48V240VSP*1
Battery, SG48100M*4
PV panel, SG-415WM*18
Solar controller, MC48100N25*2

Installation diagram:

For the 300A 2poles DC breaker and wire could be smaller according to the load. Amp=power of load(w)/50(V), based on the amp, the DC breaker and wire can be choosed.
