PARTS LIST

Check that you have all the parts shown BEFORE assembling your product.
If any parts are missing, call Customer Service.

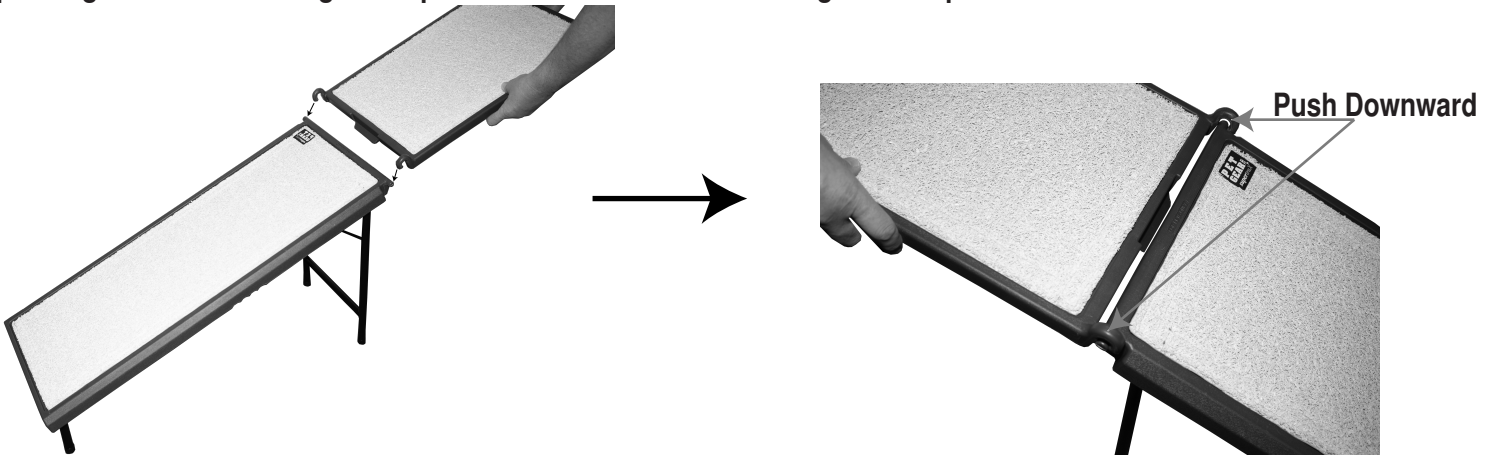

Extension Panel

Please Note: Pet ramp Extension Panel is only to be used with Pet Gear Ultra-Lite Free-Standing Pet Ramp (PG9940CHSX)

INSTRUCTIONS FOR USE

Step 1. Watch for pinch points while assembling Extension Panel. Secure extension panel into place by pushing downward locking it into place on Ultra-Lite Free-Standing Pet Ramp.

Step 2. Make sure Extension Panel sits on top of vehicle seat securely before loading your pet.

Please Note: If there is too much of an air gap under Extension Panel and vehicle seat add a towel under the Extension Panel to fill in the air gap, doing this will make the ramp more stable.

WARNING!

- Before use, be sure Ramp and Extension Panel is installed according to instructions.
- Use as a pet ramp **ONLY!**
- Do not use to load people or other objects.
- Never leave the ramp unattended.
- The ramp is designed to support a maximum load of 100 lbs. when installed properly.
- Exceeding the load limit will void the product warranty and may cause injury to the pet or pet owner.
- Never use the ramp while the vehicle is in motion.

FOR PETS ONLY.

Not intended to be used as a restraining device for aggressive or dangerous animals that dig, chew or paw aggressively. Do not leave your pet unattended. **PET GEAR** is not liable for any damage caused by aggressive, destructive, immature or untrained animals. Do not use near an open or exposed flame. Failure to follow these warnings and the instructions could result in serious injury or death.
