

Product Number: 42

HWAP

Description:

The HWAP is a clear water based primer for the use under HW01 & HW02 Intumescent coatings.

This product can be applied over existing paint systems or wood stains to improve adhesion of the fire protection coating to the substrate.

Material Specification:

Composition of HWAP:	Water based polymer system with additives to improve compatibility with various substrates.
Specific Gravity:	1.04 – 1.05
Tack Free Time:	20 – 50 Minutes depending on temperature & humidity.
Colour:	Yellow Suspension – Dries Clear.
Storage:	12 Months in unopened original packaging

Test Details:

	<u>Integrity</u>	<u>Insulation</u>
Chiltern – IF 98078	58 Minutes	58 Minutes
Trada – RF 96012	44 Minutes	44 Minutes

The above tests are using HWAP in conjunction with Intumescent paints.
