180° WING AWNING

Ideal for utes or family SUVs, this awning is designed for a simple setup. With a UPF 50+ rating, it provides shade to the side of your vehicle.

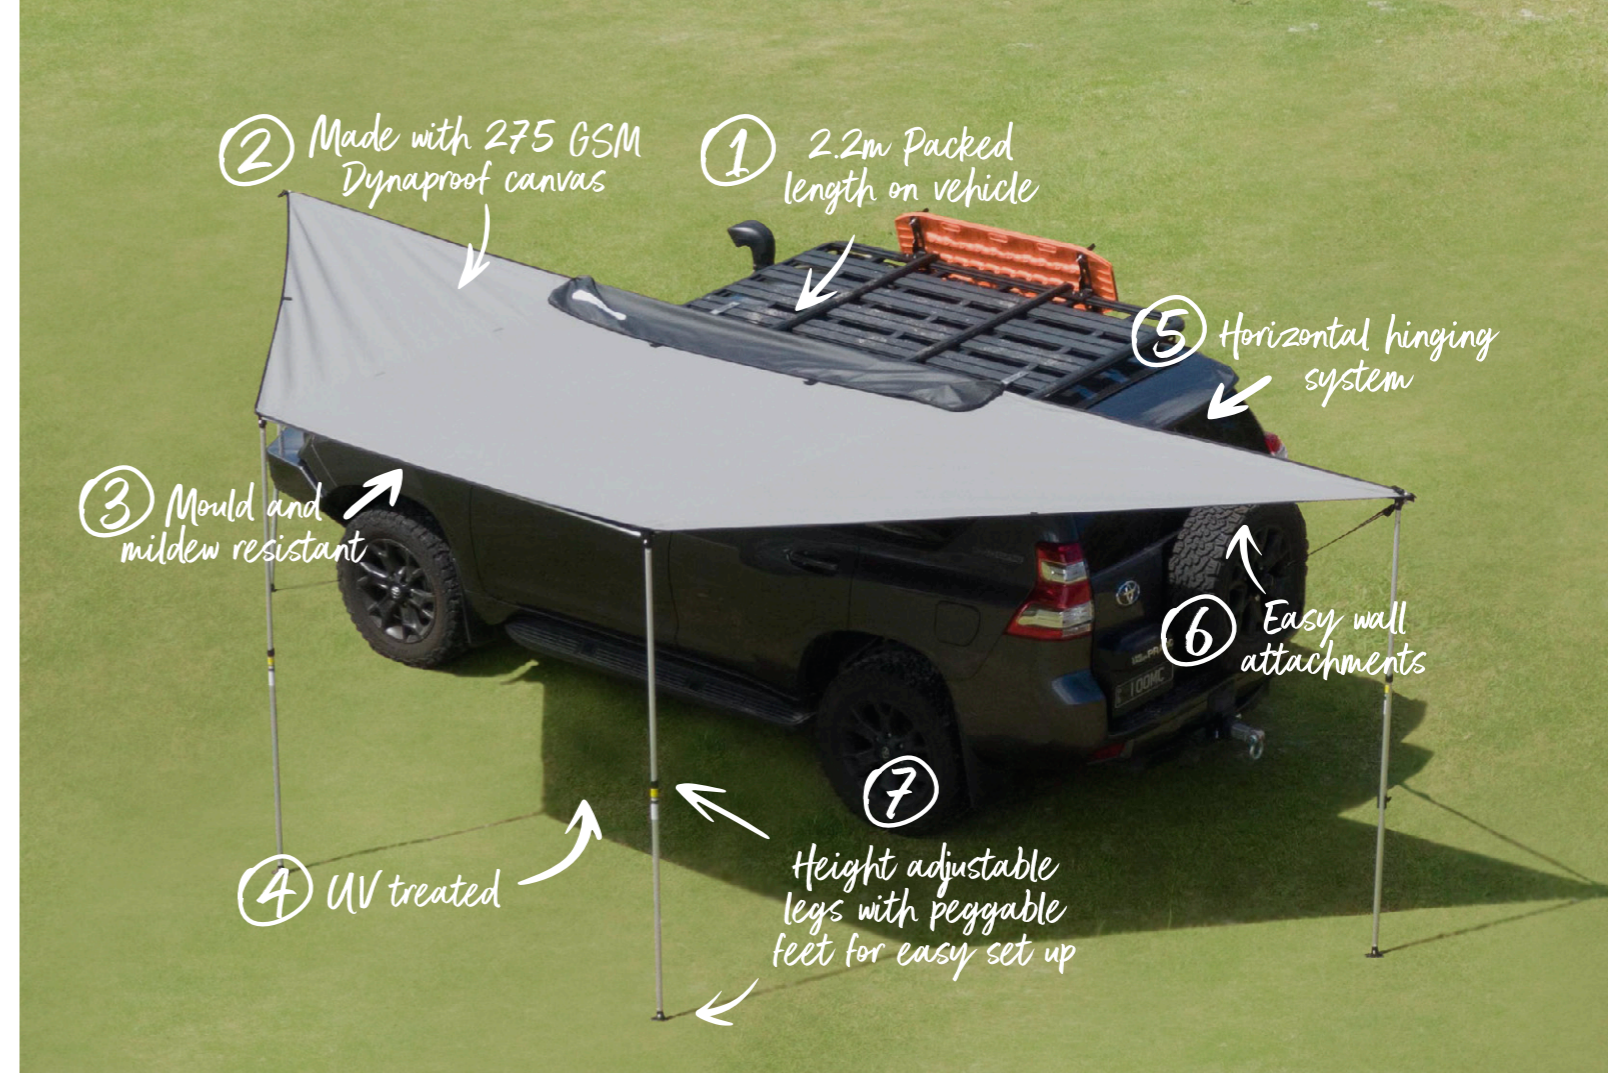

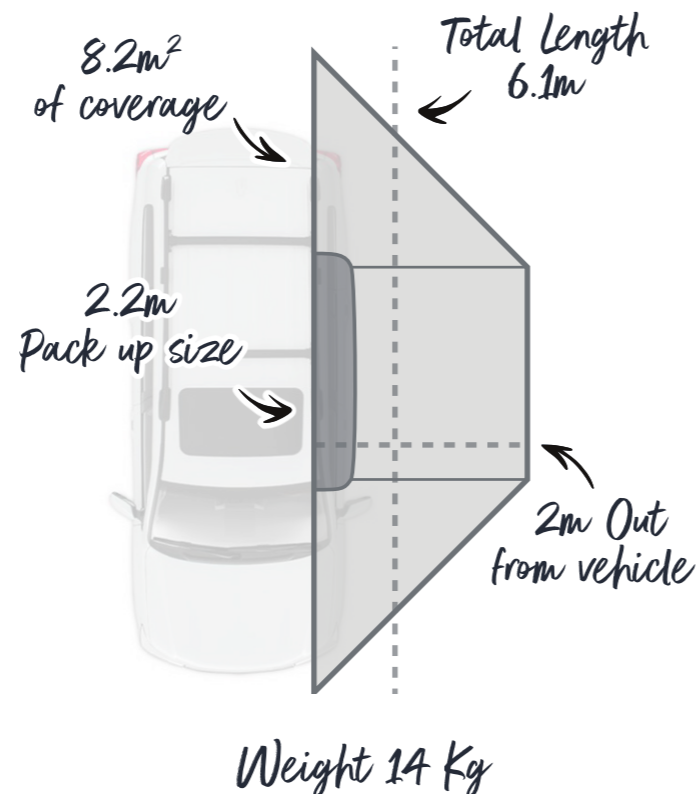

Our 180° Wing Awning has a heavy-duty aluminium extrusion that increases its strength and prevents it from bending or flexing. The horizontal hinging system holds 4 arms that fold out to give the awning its wing shape. The awning's 4 aluminium twist lock legs have a swing down mechanism that makes setting up a breeze.

Keep your set up simple with the awning legs having our unique peggable foot, so no guy ropes are needed unless on the beach or in strong wind conditions.

Manufactured from UV treated, Australian made, 275 GSM Dynaproof Canvas which is mould & mildew resistant, the 180° Wing Awning is tested for Australian conditions and designed to last!

Features

- ① 2.2m packed length on vehicle
- ② Made with Australian Made 275 GSM Dynaproof Canvas
- ③ Mould and mildew resistant
- ④ UV treated and tested for Australian conditions
