

## PANGAIA SUPPLY CHAIN DISCLOSURE

### INTRODUCTION

Like most brands, PANGAIA partners with trusted suppliers across the world to produce our goods.

This list displays key site level information of our active **Tier 1 manufacturing sites** (where our finished goods are made and shipped), **Subcontractor sites** (where production aspects are undertaken directly with the Tier 1 sites), and **Tier 2 sites** (where a process is applied onto the products including printing, washing, garment dye, embroidery, embellishment). We have included a detailed list of where these facilities are located.

This list demonstrates our alignment to the Transparency Pledge and to greater openness of our supply chain. It will be updated every 6 months and republished on our website as well as on [Open Supply Hub](#). As we map more of our supply chain, we intend to disclose more facilities and be transparent about our progress.

We have worked hard to provide the most relevant and accurate data which is correct to the best of our knowledge.

### MORE INFORMATION:

More information on traceability and transparency at PANGAIA can be found on our website: <https://pangaia.com/>  
Please direct any queries, suggestions, or concerns about this list to: [impact@thepangaia.com](mailto:impact@thepangaia.com)

### FACILITY LOCATION MAP

PANGAIA directly sources from the following countries:  
**Portugal** (where around 80% of our collection is produced), **Romania**,  
**Sri Lanka** and **Türkiye**.
