

Knitting fork with instruction

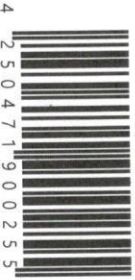

WOLL MANUFAKTUR
Filges

Item-No.: 0920

Made in Germany

4 2 5 0 4 7 1 9 0 0 2 5 5

Take the fork in your hand. The yarn will be raised through the hole from behind and kept with the thump.

Now the wool yarn will be raised twice around the branch like an 8, so that two loops will be on every branch and the yarn ball is behind the branch. (see picture)

The loops below will now be lifted over the above one's - inwards - and with a new 8 will be made two new loops.

Pulling at the end of the yarn the knitting will be strengthened.
