
La Crosse®

5 Inch Thermometer Variety Pack

La Crosse®

Model: 104-1512M
DC: 083022

Thermometer

- The Thermometer has a analog sensor that measures surrounding temperature.
- The temperature information is displayed in degrees Fahrenheit.
- The thermometer is precalibrated and self adjusting and does not require a battery to operate.

Mounting Instructions

For accurate temperature measurements:

- Choose a location that is not subject to direct weather elements.
 - Place on the North side of a building or in a different shady location.
 - Direct sunlight will cause your thermometer to read high.
1. Remove the bracket from the thermometer and secure the bracket to a window frame or deck post with the included screws.
 2. Insert thermometer into the installed bracket and adjust to the desired viewing angle.

Specifications

Temperature range: -60°F to 120°F

Dimensions: 5.25" L x 0.7" W x 5.50" H
