

Projection Time Alarm

FRONT

12:34

BUTTONS

GET STARTED

Step 1: With the cover/stand closed, insert 2 new “AAA” batteries (not included) into the back of projection alarm. Observe correct polarity.

Step 2: Looking at the top of the clock, firmly pull the cover/stand open to view the clock.

Step 3: Optional Micro-USB power cord (included) for constant, adjustable backlight and projection. Insert the Micro-USB end of the cord into the clock and the USB end into your computer USB port or a USB outlet.

Restart: Unplug the Micro-USB cord and remove batteries from the projection alarm, press a button 20 times. After 15 minutes, return to **Step 1** above.

SET TIME AND DATE

1. Hold the **MODE/SET** button to enter time set mode.
2. Use the **▲UP** or **▼DOWN** buttons to adjust values. Press and hold for those buttons for fast adjustment.
3. Press the **MODE/SET** button to confirm adjustments and move to the next item.

Time and Date setting order:

1. 12/24 Hour Time Format
2. Hour
3. Minutes
4. Year
5. Month
6. Date

Note: Day of the week sets automatically when year, month and date are set.

Press the **MODE/SET** button to exit, or wait 20 seconds without pressing buttons to return to the normal time display.

SET TIME ALARM

1. Press the **ALARM** button to view the alarm time, in alarm mode.
2. In alarm mode, hold the **ALARM** button to enter alarm time set mode.
3. Use the **▲UP** or **▼DOWN** buttons to adjust values.

4. Press the **ALARM** button to confirm adjustments and move to the next item.

Alarm Time setting order:

1. Hours
2. Minutes

ACTIVATE/DEACTIVATE TIME ALARM

- Press the **ALARM** button once to view alarm time.
- Press the **ALARM** button again to activate the alarm. Bell icon appears.
- Press the **ALARM** button again to deactivate the alarm. The bell icon disappears.

SNOOZE (Silences alarm temporarily)

- Press the **SNOOZE/LIGHT** button to silence alarm for 10 minutes.
- **Zz** will show above the time.
- When in snooze mode, press **SNOOZE/LIGHT** to stop alarm for one day.

Note: The alarm is crescendo sound. The alarm will sound for 2 minutes and then shut off completely.

CALENDAR OR ALARM TIME DISPLAY

- Press the **MODE/SET** button to select Alarm Time or Calendar to be displayed.

BACKLIGHT BRIGHTNESS-MICRO-USB POWER

Press and release the **SNOOZE/LIGHT** button to adjust the brightness of the backlight:

- ON Bright
- ON Dim
- OFF

Note: When the Micro-USB cord is NOT in use, the High/Low/Off features are not available.

When operating on battery power only, press the **SNOOZE/LIGHT** button for a 10 second backlight and projection. The projection will not stay on with battery power only.

PROJECTION (rotate, projection arm)

Battery Power: Press and release the **SNOOZE/LIGHT** button to show the projection for 10 seconds.

SNOOZE
LIGHT
(HI-LOW-OFF)

Micro-USB Cord: Projection is displayed constantly.

Note: Projection will not display constantly when operating on battery power.

Rotate Projection:

- Press the **▲UP** button to rotate the projection image 90 degrees.
- Press the **▲UP** button again to rotate another 90 degrees.
- Continue until the projected image is right side up.

Projection Arm: The projection arm will move forward or backward so you can project on the wall or ceiling.

USB CHARGE PORT

Charge your mobile device when the clock is plugged into a USB outlet with the Micro-USB cord. You cannot charge mobile devices when operating the clock on battery power only.

Option 1:

- Use the included Micro-USB cord to connect the clock to a USB power outlet or your computer.
- Connect your mobile device's USB charging cable (not included) to the USB charging port.
- Charging times will vary.

Option 2:

- Use your mobile device's charge cord to connect to an AC/DC outlet and to the Micro-USB port on the clock to power the clock.
- Then use the included USB cord to connect to the standard USB port to charge your mobile device.

IMPORTANT: Charging ability will depend on the power output of your devices charge cord. There is no guarantee this configuration will charge your mobile device while powering the clock.
