How long will the battery last?

- A good AA alkaline battery will last over 12 months.

Will this clock provide time around the world?

- The time is set manually. The clock may be set for any time around the world.

Power Requirements

- 1 AA Alkaline battery for the clock

Why do the hands spin?

- Hands may spin if the battery is underpowered or over powered.
- Use only Alkaline batteries in the clock.

How do I set the time?

- Spin the wheel on the back of the movement to set the time.

Where can I mount this clock?

- Mount the clock on a wall with the hanger on the back of the clock.

Can the temperature be set?

The temperature is calibrated at the factory and is not adjustable.

Can the temperature be shown in Celsius ?

- Unfortunately, the temperature is only shown in Fahrenheit.
