

## HOW TO APPLY ESSENTIAL AIR DRY OVER AN ENHANCEMENT

1. After completing the enhancement use an **Endurance 180/180 Grit File** to file and shape the enhancement. Remove excess dust with **Plush Brush**.
2. Using a **Nail Wipe** saturated with **Cleanse**, remove any dust that may be hiding in the side walls.
3. Apply a layer of **Glaze 'n Go** in polish style strokes to all ten nails and cure in UV in the **Dual Cure Lamp** for 30 seconds. There is no tacky layer to remove.
4. Apply two coats of your favorite natural nail lacquer to all ten nails according to the manufacturer's directions. Allow it to dry for 1 minute.
5. Apply **Essential Air Dry** with polish style strokes, coating the entire nail surface of all ten nails. Allow **Essential Air Dry** to dry for 3 minutes.
