ADJUSTABLE TILLER**

UNSHAKABLE STABILITY. EFFORTLESS MANEUVERABILITY.

The HELIX is the scooter that moves like a power chair. Featuring an industry-first 4-wheel pivot steering system and our unique Wide Wheel Track™ design, experience the best-in-class stability and safety where every maneuver is tight, smooth, and effortless.

THE SCOOTER THAT MOVES LIKE A POWER CHAIR

- Easily maneuver in tight spaces thanks to our unique 4-wheel pivot steering system.
- The ease and convenience of a scooter, with the turning capability and agility of a wheelchair.
- Best-in-class stability & safety from our unique Wide Wheel Track™ design.
- Enhanced user comfort thanks to our fully padded contoured seating.
- Adjustable tiller and backrest height to fit user needs.
- Easily folds to a fully flat position for convenient storage.
- Vertically self-standing for easy loading and transport.
- (Add-on) Thicker seat cushion for enhanced custom comfort.
- (Add-on) Extendable, foldable armrests for added support and versatility.
