

BABY REGISTRY GUIDE

SPRING - SUMMER 2018

Why Purchase with Aldea Home + Baby?

We are an independently woman owned retail store specializing in sustainable home goods and essentials for home and baby. We truly care about the world we live in and believe that our choices make a difference and an impact. We only work with artisans and sustainable companies that care about the world as much as we do. We are the ultimate source for trendy & eco-friendly goods. We personally choose every piece that you'll need, and can help create a space that you own and love.

We did our best to create an interactive place for moms to browse, comment and contribute. Most of our items come from suggestions from our customers that have shared what brands and products they need. Don't see something you want? Please let us know...

Our Story

Johanna Bialkin created Aldea Home + Baby in 2005, due to her desire to create a community-based lifestyle store. Coming from the non-profit world, she wanted to give customers a place to grow, discover new products in an inspirational space, enjoy fun events and hang out with friends.

Let us help you create a Reigstry!

We would love to help you create a registry that reflects your unique style. You'll work with your own personal consultant to fulfill the needs of your growing family. We will maintain your registry, and provide support in-store, online, and over the phone to get the best items suited for your lifestyle.

Registry Checklist

Guide to setting up a registry for Aldea Home + Baby. We would love to help you set up your registry and share with you all the cool things we have learned from new parents just like you.
