OXENITE's limited warranty covers manufacturing defects for a period of 3 years from the date of purchase. This means if the product does not work as intended because of our fault, we will either repair or replace the product at our cost.

OXENITE®
A U S T R A L I A

OUR JOURNEY

We started with a small tradition back in the year 2012, where we tried to find the cheapest and yet the most elegant and luxurious looking gifts for family members. When retail prices of most 'gift type' products started to rise over the years, we decided to put our design imaginations on paper to eventually come up with a versatile design for a wallet. Many people around us loved our design, and so we had prototypes manufactured for several friends and family members. As things progressed, we registered our own business, and we now trade under the brand name OXENITE® - a family of mineral rocks found in earth's crust.

We design our products in-house, and in partnership with large factories distributed across Oceania, Europe and Asia, we have established a manufacturing process that we supervise ourselves with our own quality control standards.

Our aim is to let you and others like us experience what true attention to detail means by delivering you premium quality wallets, watches, eyewear and other everyday use accessories without needing to spend a fortune.

We believe that our products truly define the term 'Affordable Elegance'. Explore our products via our instagram page @oxenite, or visit oxenite.com for more complete specifications. Feel free to contact us if you have any queries. We are here to help.

A VERSATILE WALLET FOR MEN BY OXENITE

THE OFFICE BIFOLD

INCLUDES A DETACHABLE CARD SLEEVE

THE OFFICE BIFOLD | A VERSATILE WALLET FOR MEN BY OXENITE

A stunning wallet crafted with top quality textured genuine leather for men requiring large amount organized storage in their pockets. The Office Bifold comes with a main body sized to fit all standard currency notes (including high notes such as British Sterling Pound) and an ultra-thin detachable card holder sleeve.

- * Mini pockets for up to 2 sim cards/micro-SD cards/sim card tray removers.
- * Inner pockets fit 10 standard sized cards.
- * Outer large pocket fits 2 standard size cards, or use it as on-the-go storage to sort out later.
- * Main notes compartment fits 6-10 notes with ease.
- * Full-length zipper pocket for hidden back-up notes and coins.

DETACHABLE CARD SLEEVE (115mm x 85mm)

If you require a next to nothing sized ultra-thin storage for your main cards for a jog, a night out or that late night fast food drive-through trip, simply pull away the detachable sleeve and leave the rest of the wallet at home!

WHY PROTECT OUR FACES?

Our environment has a great impact on every aspect of our skin, and so it goes without saying that environmental factors have significant control over how our skin ages with time. Clinical studies from around the globe show that ultra-violet (UV) rays from the sun can measurably accelerate the speed at which our skin ages, in particular facilitating wrinkles, dark/pigmented spots as well as leading to pre-mature deterioration of skin texture and elasticity. Does this mean we hide from the sun at all time? While it is best to avoid unnecessary exposure, we cannot avoid sun completely. We should aim to take protective measures as best as we can.
