

## FitController

# EnGenius Fit FitController On-Premises Network Management Controller

Simple • Secure • Smart

EnGenius FitController is a simple, secure, and easy-to-use wired & wireless network management solution for your small business. Our intuitive system makes it easy to manage your network. Plus, our advanced security features help keep your data safe, and your customers connected.

For IT managers or admins at small businesses who need to manage access points and switches quickly and easily, FitController's intuitive interface and simple plug-and-play integration.

### Features & Benefits

- Plug and play installation. Simply plug into PoE Ethernet switch. No additional download or training required.
- Fast deployment with quick-scan device registration & configuration.
- Network management for up to 100 EnGenius Fit access point and switches.
- License-free on-premises network management with a comprehensive line of wired and wireless networking products.
- Hierarchy view to quickly structure customer sites and organize networks.
- Network health view to analyze networks and report potential issues.
- Multi-tenant user login privileges.
- Device two-factor authentication to ensure only authorized devices are on the network.
- Enhanced Wi-Fi security WPA3 for employee as well as guests.
- Support up to 8 networks per user account.
- Create separate employee and guest networks to keep traffic isolated.
- Set limits to stop bandwidth hogs.
- Built-in powerful Qualcomm Qual-Core CPU.
- Micro SD slot for extra back-up.
- 802.3af or DC12/1A input power source.

## Technical Specifications

### FIT CONTROLLER

### HARDWARE SPECIFICATION

#### CPU

Model:  
Qualcomm Cypress IPQ6010

Clock Rate:  
Quad-Core Cortex A53 1.8 GHz

Hardware Encryption Acceleration:  
Yes

#### Memory

System Memory:  
DDR4 1GB x 2

#### Storage

eMMC:  
8GB (MLC)

#### Interfaces and LEDs

2 x 10/100/1000 Mbps RJ45 ports (1 x PoE 802.3af)

1 x Micro SD Slot

1 x DC-Input Jack

1 x Reset Button

1 x Power LED

2 x LAN LED

#### LED Indicators

1 x Power

Color	LED status	Description
Blue	Solid Light	Power On
Off	Light off	Power Off

2 x LAN

Ethernet LED				
Location	LED indicative	Color	LED status	Description
LED Per Port	LINK (Left Side)	Green	Solid Light	1Gbp
		Amber	Solid Light	Other less than 1G
		Off	Light off	Disconnected
	ACT (Right side)	Green	Solid Light	Link
		Amber	Blinking	Transmit or receive on this port
		Off	Light off	No Link

### Power Source

Power-over-Ethernet: 802.3af Input

12VDC /1A Power Adapter (Not Included)

### Maximum Power Consumption

Under 5W

### ENVIRONMENT & PHYSICAL

#### Operating

Temperature:  
0°C~40°C (32°F~104°F)

Humidity:  
0%~90% typical

#### Storage

Temperature:  
-40°C~80°C (-40°F~176°F)

Humidity:  
0%~90% typical

### NETWORK MANAGEMENT
