

SPIRIT

COMMERCIAL CARDIO 2022

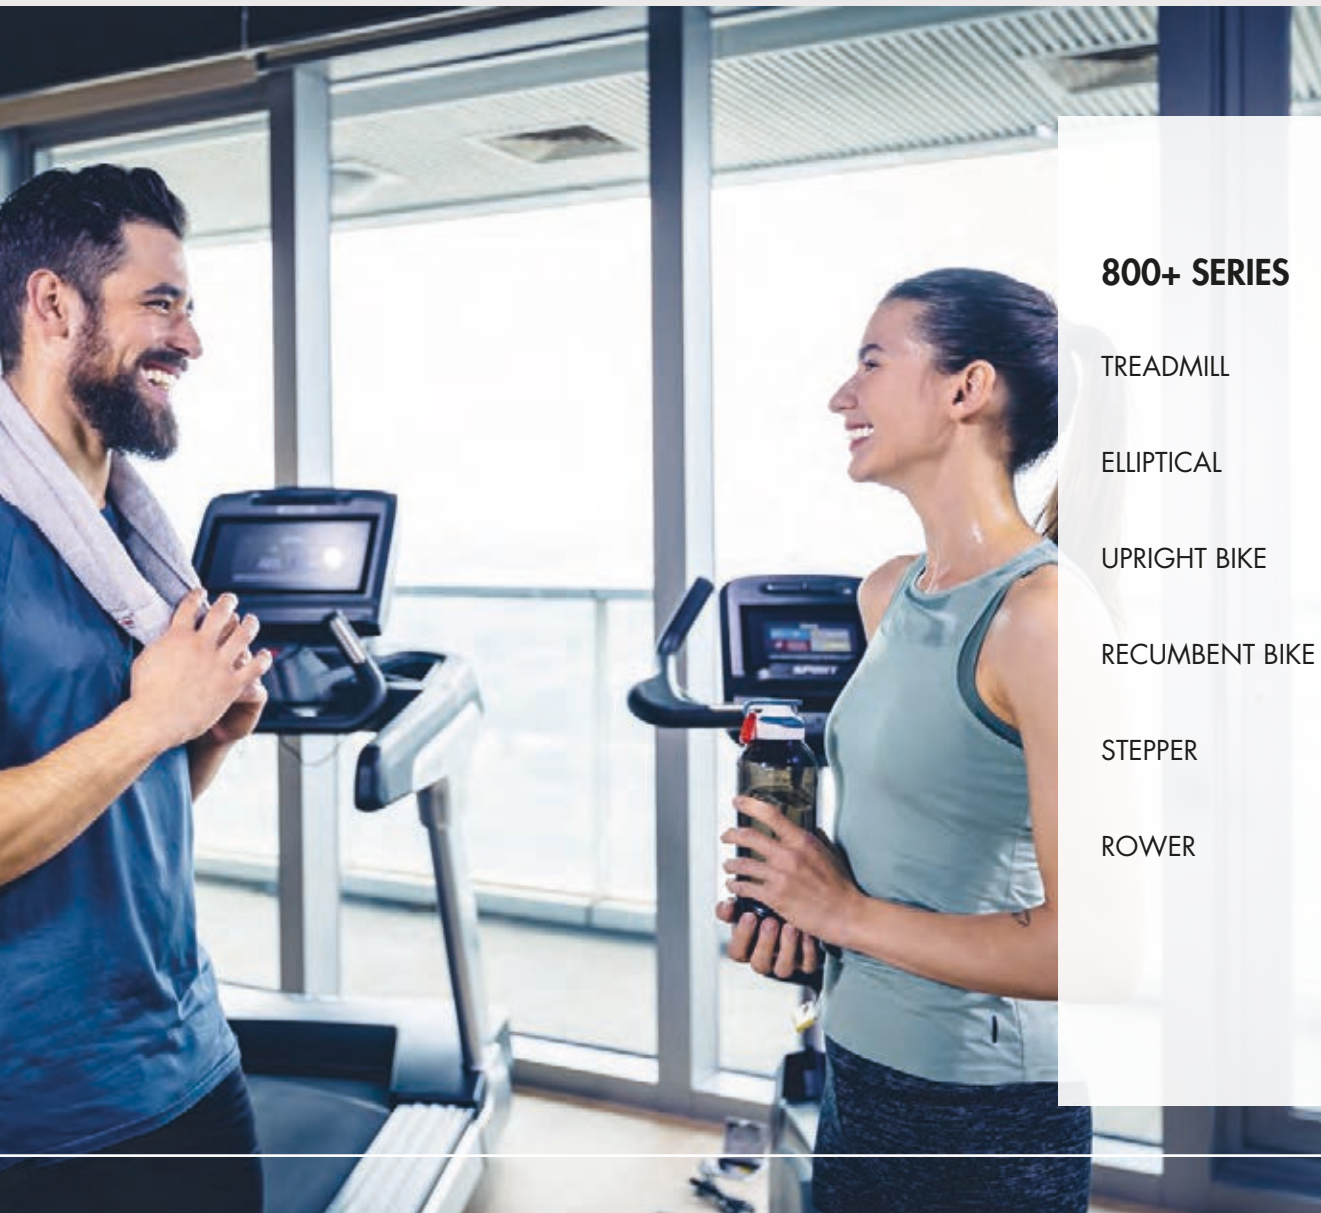

SPIRIT

We built our first fitness product in 1983, with the simple goal of giving our customers the highest quality equipment to help them achieve their fitness goals. It is that same simple purpose which continues today in designing and developing every piece of equipment that bears the Spirit Fitness name. We make sure that each new equipment design meets the same demanding standards that have crafted the Spirit Fitness brand.

Over the last thirty years, our focus has always been - and will continue to be - delivering a quality experience with our equipment. We understand that our products are an investment and we design them to keep pace with your own long term fitness goals. All of our products are produced in our ISO-certified factories for consistent quality.

Spirit aims to improve the quality of life for everyone. We aspire to boost your lifestyle to the next level. We place customer experience and product innovation at the center of our brand, helping you accomplish your fitness goals through unprecedented product details and features tailored specifically for you.

SPIRIT

SUPERB ENTERTAINMENT EXPERIENCE

The updated ENT+ console now has a 15.6" touchscreen display with screen mirroring, HDMI input, 3.5mm headphone jack, improved cooling fan and USB charging port.

DURABLE DECK

This maintenance-free deck system provides hassle-free use for thousands of miles, plus the spacious 560 x 1525mm / 22" x 60" workout area accommodates tall individuals.

DIRECT CONTROL BUTTONS

Easy to access control buttons on console provide the ability to quickly program a specific incline or speed with just a few key strikes.

SPIRIT

CT800+ TREADMILL

FEATURES

- Bright white multi-window LED console is easy to read and simple to use.
- Direct speed and incline buttons make workouts more efficient.
- Spacious 560 x 1525mm workout area to accommodate tall individuals.
- This unit comes equipped with a 3.0HP AC Drive with grade H insulation.

The CT800+ commercial treadmill has a reputation for reliability and value that meets your space and budget needs. Weighing in at 173kg, this machine is truly heavy-duty and packs a load of premium features that keep clients happy. The top control panel boasts a simple and intuitive design with direct speed and incline buttons, multiple storage options for water bottles, phones, and other accessories, as well as a built-in fan that helps keep users cool. The ergonomically positioned hand pulse sensors let users easily monitor vital stats, while a variety of built-in programs allow nearly endless workout customization to suit a wide range of fitness levels.

ELLIPTICAL

SUPERB ENTERTAINMENT EXPERIENCE

SPIRIT

The updated ENT+ console now has a 15.6" touchscreen display with screen mirroring, HDMI input, 3.5mm headphone jack, improved cooling fan and USB charging port.

FOOT PEDALS

2 degrees of inversion at each foot pedal places the user in an anatomically correct position.

PULSE GRIP HANDLES

Ergonomically designed handles that provide a comfortable grip throughout the workout plus two stationary handles on console with pulse grip to easily get an accurate heart rate.

SPIRIT

CE800+ ELLIPTICAL

FEATURES

- Smooth, quiet 508mm stride, which is the optimal distance for the average user.
- Generator powered console means there is no need for electricity.
- Dual rollers on each pedal arm for a sturdier base.
- 40 levels of resistance to satisfy the needs of beginners or advanced exercisers.

The CE800+ was specifically engineered for the commercial environment, from its heavy-duty steel frame to its premium console features. Its design focuses on convenience, comfort, reliability, and aesthetic appeal. Facility owners will have the peace-of-mind knowing they have a dependable machine while users experience a fluid total-body workout.

This unit uses a generator to power the console. Therefore, there is no need for an electrical hookup. Dual track with shielded concave roller wheel system for superior stability and durability.

CRS800S+

STEPPER

CONSOLE

The console features a large easy-to-read display with a variety of program options for users of all fitness levels, an integrated fan to keep clients cool, and a USB charging port for keeping their device charged.

DURABLE FRAME

Heavy-gauge high-strength steel frame with durable powder-coat paint means this stepper is designed to stand the test of time.

HAND PULSE SENSORS

Ergonomically friendly pulse grips for a more natural hand position to easily access heart rate metrics during use.

CS800+ STEPPER

FEATURES

- 410mm maximum step height with 20 levels of resistance satisfy the needs of beginners or advanced exercisers.
- 2-degrees of inversion at each foot pedal places the user in an anatomically correct position.
- Oversized foot pedals with fast-latching system.
- Shielded concave roller wheel system for superior stability and durability.

The CS800+ Stepper combines the familiar dependent stepping action with an arched step-rail design and impressive 410mm / 16" maximum step height for an effective lower body workout. The narrow 2" pedal spacing (Q-Factor), large cushioned pedals, and solid handrail design combine to give you an incredibly comfortable and space-efficient cardio unit. The electronics in the CS800+ are designed to provide intuitive operation. The console features a large easy-to-read display with a variety of program options for users of all fitness levels, an integrated fan to keep clients cool, and a USB charging port for keeping their device charged. The conveniently located hand pulse grip sensors provide heart rate monitoring on demand.

AGGRESSIVELY.**

CONSOLE

Multi-window blue LED display with built in fan, integrated tablet rack, and space for accessories.

THE LARGEST STEPPING SIZE

One of the largest stepping surface area of any commercial stair-stepping machine.

REMOTE BUTTONS

Contact heart rate grips, resistance controls, and start /stop switch on handlebars.

SPIRIT

CSC900 CLIMBER

FEATURES

- Automatic stair locking when machine is not in use for entering or exiting the machine.
- Color indication lights around the contact heart rate grips visually display when the machine is in use or standby mode.
- Easy access maintenance panels on either side.
- Extra step-depth keeps shoes from being pinched.

One of the original HIIT workouts, a rotating-stair climber has been one of the toughest machines in the gym for more than 35 years. The Spirit StairClimber features a super sleek design, locking stairs for safety and the largest surface area on the market for multiple foot position training options. Added depth to the stairs keep toes from being pinched while feeling like a natural step motion.

DISPLAY

- ① Multi-window display
- ② Ultra-bright blue LED display
- ③ Easy access program buttons
- ④ Large LED matrix window

EASY-ADJUST RESISTANCE KNOB

10 levels of water resistance with easy-adjust knob to challenge all fitness levels.

ADJUSTABLE FOOTRESTS

Padded footrests for ultimate comfort and easy adjustable straps for a secure fit.

BIG TANK

XL twin tank design with durable multi-bladed impeller for greatly improved resistance range.

SPIRIT

CRW900

ROWER

FEATURES

- 10 levels of water resistance with easy-adjust knob to challenge all fitness levels.
- Timeless wooden and steel frame for lasting performance.
- XL twin tank design with durable multi-bladed impeller for greatly improved resistance range.
- Commercial grade padded handlebar for comfort and durability.

Whether placed in a commercial or quality home studio, this rugged indoor rower never disappoints. Guaranteed to enhance any grand environment, CRW900 is complete with a hand lacquered American Ash Blackwood finish.

Flawlessly reproducing the natural catch and consistent water resistance rowing CRW900 packs a punch with 65% greater resistance than standard fluid models – the perfect rower for solid progression no matter the fitness ability.

BELT DRIVE SYSTEM

Conti Syncroforce® and FleXonic Poly V® belts delivery a unique feel of a road bike.

CLAMSHELL MONOCOQUE FRAME

Powder coated and electroplated clamshell-designed frame creates a sweat-resistance finish.

COCKPIT INSPIRED CONSOLE

The concept for the console gives the rider the feeling of being in a cockpit looking at a heads-up display.

SPIRIT

CB900

INDOOR CYCLING & STUDIO BIKE

FEATURES

- The 64 kilogram frame consisting of 2.5 mm thick oval tubing and round bars enhance stability and longevity.
- To prevent sweat corrosion, double powder paint is coated. The concave groove on the flywheel disperses sweat, extending the life of the flywheel.

Integrating critical components for gym level performance

The needle bearings that encompass the pedals and flywheel axle, the industrial grade Hutchinson PK poly-V® belt, and our three piece crank work synergistically to create the perfect formula for durability and performance.

JOHNNY G SPIRIT BIKE

INDOOR CYCLING & STUDIO BIKE

FEATURES

- Electronically controlled magnetic resistance system with multiple adjustment touch points.
- Solid steel construction and triple powder coated for durability.
- Belt drive system provides the feel of a road bike.
- Proprietary handlebar design for comfort and resistance buttons at your fingertips regardless of ride position.

Over the last 25 years, Johnny G has been engineering the next evolution of indoor bikes.

His newest creation is a beautiful, SLEEK machine of uncompromising design. Johnny has taken the guess work out of working out with his push button magnetic resistance. It allows the user to replicate their last ride for a consistent and rewarding workout every time creating a PERSONAL experience for every ride and rider. Gone are the days of patchwork welded tubes; Johnny's newest creation uses a monocoque steel frame and heavy base. This perfect marriage of vision and practicality allows the back of the frame to flex like the chain-stays on an outdoor bike, creating a response which makes the bike feel ALIVE. Don't settle for the old standard of indoor bikes, your clients deserve to ride the best bike ever built: The Johnny G Spirit Bike.
