

PVZ-V

Column Handles PVZ-V

Especially suitable for the carrying and laying of round and rectangular concrete or wooden columns.

- Clamping is independent of the length.
- Constructed in such a way that the columns can be set close enough to touch one another.
- The PVZ-V is an adjustable model.
- Galvanised finish.

Type	Length of Gripper mm (in)	Dead Weight kg (lbs)	Gripping Range mm (in)	Working Load Limit/WLL kg (lbs)	Order-Number

SLS-8/20-G-VA

Stone Pillar Grab SLS-8/20-G-VA

Stone pillars and palisades, mainly made of attractive natural stone such as granite, become increasingly popular in horticulture and landscaping. For efficient installation the handy stone pillar grab SLS-8/20-G-VA was designed.

Suspended to a lifting device, such as a mini excavator, the horizontal pillar is clamped through a crank handle. The gripping force automatically increases while lifting and the pillar can be raised safely and installed easily.

After installation the crank is to be released.

- The lifting eye can be adjusted to the center of gravity of the product being lifted to let it hang vertically.
- Double-sided, non-marking rubber grippers, thus no claw marks or scratches on pillars and palisades.
- Durable surface protection by galvanizing.

Type	Dead Weight kg (lbs)	Gripping Range mm (in)	Working Load Limit/WLL kg (lbs)	Order-Number
SLS-8/20-G-VA	12.5 (28)	80 – 200 (3.15 – 7.87)	300 (661)	53100409

Accessories:

Type	Description	Dead Weight kg (lbs)	Order-Number
GB-SLS	Rubber grippers to retrofit stone pillar grab SLS-10/20 (Order-Nr. 53100321) equipped as standard with steel pads. Rubber grippers will not cause damage to the stone elements – gripping range is then reduced from 80 to 180 mm (3.15 to 7 inch).	0.6 (1.32)	43101415
