1 YEAR WARRANTY

MADE IN ITALY

PATENT PENDING

321BATPRR

142GR

NEW

2-in-1 products.

Supplied with bag.

PACKAGE

CARTON BOX

- Professional cordless vibrator designed to vibrate large format tiles in order to expel the air from underneath the slab (avoiding air pockets), so to obtain the perfect adhesive coverage;
- Extremely effective also for the perfect bonding of uncoupling and waterproofing membrane sheaths;
- Battery powered: no more cords getting in the way;
- The battery provides abundant autonomy: within 150 and 200 m<sup>2</sup> (1,600 - 2,100 sq. ft.) vibrated surface on a single charge. The battery has a very long life: more than 100.000 m<sup>2</sup> (1 million sq. ft.) before the performance (of the battery) starts to decrease;
- 21x41 cm (8 1/4"x 16 1/8") vibrating area, ideal for vibrating large format slabs with maximum speed and effectiveness. The vibrating area can be quickly reduced to 15x15 cm (6"x6") to vibrate smaller surfaces and / or small tiles like steps, planks, columns;
- Ideal to be used both on wall and floor thanks to its extremely low weight: 5,8 Kg (12.8 lbs)

with 24x41 cm (8 1/4"x 16 1/8") vibrating plate; 3,1 Kg (6.8 lbs) with 15x15 cm (6"x6") vibrating plate;

- PVC vibrating area (plates) provide low friction onto slab surface, ensuring a low user fatigue and, thanks to its rigidity, they transfer to the slab/sheaths the entire vibrating force;
- The high frequency vibrations guarantee maximum efficiency by minimizing mechanical stress to the tile/slab, even in critical situations (for instance a low thickness slab with large cut-openings, C shaped cutouts or multiple round holes);
- 3 handles: two externals for two-hands use and one central for one-hand use;
- High vibration frequency (motor Rpm: 3.500);
- Motor: 15V direct current, battery power 38.5 Wh;
- Supplied with a protective padded bag (provided with both handles and shoulder belt) ideal for both transport and storage.

SPECIFICATIONS AND VERSIONS

Part No.	Barcode	Box	Description	Motor	Battery	Weight	Dimensions	Weight
321BATPRR	8050532013339	1	e-FOX professional tiles/slabs vibrator, battery powered, supplied with a 21x41 cm (8 1/4"x 16 1/8") vibrating plate, battery charger, bag	15V	38.5 Wh	5,8 Kg 12.8 lbs	45x23x h16 cm 17 2/8"x9"xh 6 1/8"	6,2 Kg 13.7 lbs

TILE BEATER WITH ANTI-BOUNCE AND STAIN-FREE RUBBER

- To improve adhesive bounding and to expel air from underneath the slabs/tiles;
- Bottom and perimeter made of white stain-free rubber;
- Beaten base designed to get the easy escape of air left between the rubber pad and the tile/slab;

- Frame made of galvanized steel to prevent corrosion;
- Off center handle to improve effectiveness and reduce operator fatigue.
