

ES800I

INDOOR EVAPORATIVE COOLER WITH FAN & HUMIDIFICATION

This 3 in 1 evaporative cooler, fan and humidifier provides powerful, low-energy cooling in your immediate area - Couch, bed, workspace, breakfast nook, this compact unit is easily portable for personal evaporative cooling. Prefer gentle humidity over coolness? Simply select a low-fan setting for humidification.

PATENT-PENDING BRUSHLESS MOTOR TECHNOLOGY

Innovative technology minimizes energy consumption and noise while maximizing airflow. Consuming only 7.4 W and emitting only 24 dBA of sound in Quiet Mode, this is one of the most energy efficient cooling solutions available.

Product Dimensions (mm): 250 (W) x 316 (D) x 733 (H)
Net Weight: 5.3 kg

TOP LOADING ICE CHAMBER

Easy access for faster cooling

QUIET & TURBO MODES

Special fan settings allow for quiet comfort at night or extra powerful airflow when needed

SET IT & FORGET IT

Set the timer for unattended operation

MORE FEATURES

ENERGY EFFICIENT COOLING

Consumes as low as 7.4 W (Quiet Mode) & up to 36 W (Hi speed)

POWERFUL & LONG AIRFLOW

Airflow: 359 m³/hr (211 CFM)*

LONG-LASTING EVAPORATIVE COOLING

Honeycomb Cooling Media with Mesh Filter

WATER CAPACITY

7 L**

IONIZER

Helps to Reduce Particles in the Air, Thus Promoting Cleaner Air Quality.#

REDUCE TEMPERATURE

by Water Evaporation

INDOOR COOLING AREA

up to 12 m²*

CONVENIENT DIGITAL CONTROL

LED Control Panel & Full Function Remote Control

TURBOBLAST MODE

Rapid Cooling

* All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.
** Water Capacity is the total volume of water that can be contained within the air cooler water tank and water distribution system.

Ionizer reduces particles in the air. This is not an air purifier.
