CONTROL HUMIDITY TO HELP PREVENT MOLD AND MILDEW

Honeywell Dehumidifiers are designed for convenience with user-friendly features. These dehumidifiers help remove moisture daily from small- to medium-sized rooms such as bedrooms, bathrooms, and living rooms.

Built to last for daily use, Honeywell Dehumidifiers are manufactured with thermal protection overload on the compressor and fuse protection on the motor to protect from overheating, for added endurance, and to give you peace of mind.

Adjustable controls allow you to reduce and maintain humidity levels to keep you and your family comfortable.

PRACTICAL AND VERSATILE

Not just for basements, you can enjoy the benefits of drier air in different rooms around your home.

Home gym:

Dehumidifying helps prevent rust while also reducing moisture and odor that accumulate from sweat in gyms.

Kitchen and pantry:

Reducing air moisture helps keep food fresh longer.

Laundry room and linen closet:

Dehumidifiers accelerate the drying of hang-to-dry clothes.
