

About Kin

Our main objective at Kin has always been to create products that are made with quality materials that are responsibly sourced and ethically produced. We import all of our leather from Italy and make every item by hand in our Savannah Studio!

Being new to wholesaling, we are starting with one product that also happens to be our best seller, the suede Manele Earrings! These come in a variety of 7 colors and have been a crowd favorite.

Minimums

We require a minimum of 25 pairs of earrings purchased for our wholesale partners. Buyers are able to purchase directly from our website and use our wholesale code when checking out.

Pricing

Retail: \$35.00 // **Wholesale:** \$17.50

Our Manele Earrings (Left to Right) in Sandcastle, Horizon Blue, Highland Fox, Onyx, Beige, Midnight Navy, and Primrose suede.

Let's Get Started!

Because our items are lovingly hand crafted, we ask for a one week lead time to produce the earrings before they are shipped to your store.

If you are interested in partnering with us, please email us at hello@madebykin.co to receive our wholesale discount code.

We are so excited to work with you!
