

BEER TOWERS

STANDARD TOWER

The Column is the most used tower in restaurants, bars, coffee houses and homes. Highly adaptable to any environment. Our taps range from 1 tap to multiple and are carefully crafted with a gravity cast molding to ensure proper form and quality with every tower. Created with brass material and utilizes a 304 Food Grade Stainless Steel Tube for circulation to ensure you're achieving a perfect beverage each time without tainting the flavor.

Two-way
Mounting Template: 2"
Screw Template: 1/4"
Screw Pitch Diameter: 3 27/32"
