Quest NoisePro DLX Personal Noise Dosimeter

Pine Item #51417

DESCRIPTION:

The NoisePro DLX personal noise dosimeter now available for rental, has many programmable settings to serve a variety of applications. Automatic and user defined setups allow this hire dosimeter to simply monitor the regulatory standards. A large LCD screen, perfect for industrial applications, shows measured and calculated parameters in an easy-to-understand format. The data logging capability of the NoisePro DLX provides even more data per time history interval, intervals as fine as one second in duration and host of additional programmable features.

FEATURES:

- Expanded Time History Data
- Infrared Retrieval of Data From Other NoisePro Monitors
- Programmable Twice Daily or Up to (4) One-Time Scheduled Runs
- Up to 4 Virtual Dosimeters in One
- Class/Type 2 accuracy

APPLICATIONS:

- Measuring Personal Noise Exposure
- Assessing and Monitoring Noise in the Workplace
- Ensuring Compliance with Workplace Noise Regulations
- ANSI A10.46-2007
- FRA - Federal Railroad Administration Standard
